# SAVE THE DATE

## Swiss-US Energy Innovation Days 2015

Aug 18-21, 2015

Zurich, Switzerland

**General Focus:** Integrated Building Systems – Innovation Potential and Business Opportunities

**Specific Topics:** Energy Technologies, Architecture & Space, Mobility and Society

**Target Groups:** Companies, Universities, State Institutions and Organizations in the Energy / Building Sector

**Program:** Workshops, Site Visits, Evening Receptions and Official Closing Event

Join representatives from innovative Swiss and US companies and universities, relevant state institutions and organizations to discover new opportunities in the Energy and Building Sector. Participate in thematic workshops and site visits on energy technology, architecture & space, mobility and society to explore and develop specific innovation and business potentials in these fields. Discover some of Switzerland's most innovative energy projects, presented by the winners of the Watt d'Or award from the Swiss Federal Office of Energy.

Present your ideas and recommendations in a high-ranked closing event on Friday 21 with Federal Councillor and Minister of Energy Doris Leuthard and other governmental representatives from Switzerland and the US.

Last but not least, learn more about doing business in Switzerland and the US and selected success stories and exchange contacts and experiences.

Mark your calendar now, more detailed information will follow soon!
